

The Hickory Withe Community Association met on Thursday, April 6, 2017. President Bob Munns opened the meeting and recognized first time visitors and elected officials. Everyone enjoyed a delicious pot luck dinner.

Our focus this month was on health and our first guest was Dr. Josh Taylor from Rehab, Etc. in Oakland. He presented an interesting introduction to his business. Next was Maria Robinson from Hope Lodge. She enlightened us to the mission of the Lodge and how it makes families with cancer patients comfortable.

Also present were two ladies taking blood pressure and yellow TDOT stickers were available.

President Munns then held a short business meeting where the minutes from February were approved along with the budget report.

Jane Mitchell reported on the Relay for Life coming up on May 26th at the Buckley Carpenter school in Somerville. She encouraged us to purchase a \$5 luminary in memory or honor of a cancer victim and also wanted to encourage us to come out on the 26th for the program.

There being no further business, the meeting was adjourned at 8:15.

Joann Allen, Secretary
