

The Hickory Withe Community Association met on March 7, 2019.

The meeting opened with prayer and the Pledge of Allegiance.

The reports to the membership included plans to help Fire Chief Jason Bryd's family. A donation has been made, and a sympathy card was sent from the association. Future plans are also being made for the July First Responder's dinner to continue to honor the sacrifice of this family and the other first responders for our area. Mark Antonetti from the local fire department spoke to the group about the need for additional volunteers.

Bob Munns is working on a nominating committee who will present a roster in June of new officers for the community association. The election of officers will be in July.

The night's program was presented by Mike Swain of Swain Wealth Partners. He gave very helpful tips about finances in general, but also specifics about the changes in tax laws that might impact many of us. His presentation was interesting and enlightening.

The new Neighborhood Watch effort was discussed by David Larkin.

The meeting was adjourned.
