

The meeting was called to order by Becky Sue Evans and a prayer and the pledge followed. There were 25 attending the meeting.

A report on the recent spaghetti dinner and auction was given. This event netted over \$1000 in profit for the association. Bob Kenney was thanked for all the work he did on the details of this endeavor, as well as many others who worked very hard to put it together. The board asked for feedback input from members concerning the auction and dinner.

The night's program was given by two representatives from the UT Extension office, Martha Shaeffer and Lindsey Turner. They shared with our group about how the extension office goes to local schools and organizations promoting 4-H programs and also about its Master Gardener classes. Another effort called Lunch and Learn has events coming up this spring along with a free seedlings day.

Announcements included fund raising breakfasts at the HW Presbyterian Church on Saturday, March 14, and the Zack Pack Breakfast at the HW Baptist Church on Saturday, March 21. Another fundraiser for the Imaginary Library will be held at the UT Somerville campus on April 2.

The meeting was adjourned.
